The image shows a screenshot of a Python IDE with two windows. The left window, titled 'x.py - P:/temp/x.py (3.8.5)', contains a single line of Python code: `print("Hello world")`. The right window, titled 'Python 3.8.5 Shell', shows the output of running the script. It displays the Python version and build information, followed by a prompt `>>>`. After pressing Enter, it shows 'Hello world' in blue text, followed by another prompt `>>>` and a vertical cursor. A separator line indicates a restart of the shell.
